

Activities log – loss of visibility of Activities.

Reason.

The Activities Log is limited to the last 50 entries.

As new activities are entered into the Activities as Plans or Completed Activities the oldest Activities are removed.

The number of Activities visible in the Activities Log can be increased to a maximum of 999.

In Crop Rotation go to Activities Log. Click on the Filter button.

The screenshot shows the Geofolia 2018 software interface. The top navigation bar includes 'Home', 'Farm', 'Farm Layout', 'Inputs', 'Masters', 'Harvest', 'Economics', 'Sales', 'Options', and 'Activities Log 2018'. Below the navigation bar is a toolbar with various icons: 'Table', 'Calendar', 'Display', 'Filter', 'Filter', 'Filter', 'Activities', 'Reports', 'Exchange', and 'Settings'. A red arrow points to the 'Filter' button in the toolbar. Below the toolbar is a table with the following columns: Date, Activity, Start time, End time, Time (h), Status, Reason, Crop, Firm, and Cultivated Area (ha). The table contains several rows of activity data for 'Home Farm (65)'.

Date	Activity	Start time	End time	Time (h)	Status	Reason	Crop	Firm	Cultivated Area (ha)
Home Farm (65)									
21/05/2018	Fertiliser spreading	08:00	09:00	00:00	✓	Fertilization plan	Wheat Winter	Home Farm	22.94
30/03/2018	Fertiliser spreading	08:00	09:00	00:00	✓	Fertilization plan	Wheat Winter	Home Farm	22.94
25/04/2018	Fertiliser spreading	14:30	15:40	00:10	✓	Fertilization plan	Barley Winter	Home Farm	26.40
26/04/2018	Fertiliser spreading	15:30	17:15	00:45	✓	Fertilization plan	Barley Winter	Home Farm	26.40
29/03/2018	Fertiliser spreading	09:15	10:45	00:30	✓	Fertilization plan	Barley Winter	Home Farm	26.40
04/04/2018	Fertiliser spreading	14:15	16:30	00:15	✓	Fertilization plan	Spring Barley	Home Farm	24.69
02/04/2018	Fertiliser spreading	08:30	09:45	00:15	✓	Fertilization plan	Barley Winter	Home Farm	26.40

The following screen is opened.

The screenshot shows a software window titled "Filter the activities". It has two main sections: "General Filter" and "Recordable Filter". In the "General Filter" section, "Farm(s)" is set to "Home Farm" and "Crop Year" is set to "2018". In the "Recordable Filter" section, there are three radio button options for "Date": "from", "since", and "the". The "the" option is selected. To the right of "the" is a text input field containing "150" followed by the word "last". There are also two date pickers (represented by // // and a small calendar icon) and a "days" label. Below the date pickers are two checked checkboxes: "Completed" and "Planned". A "Define as default" button is located at the bottom right of the "Recordable Filter" section.

Change this value to a higher number. 999 is the maximum number.

The maximum number of lines visible in the Activities Log will now be 999.

This screenshot is identical to the one above, but the text input field in the "Recordable Filter" section now contains the number "999" instead of "150". The "Define as default" button is highlighted with a blue dashed border.
