NEWAge PRIME

THE LATEST WAY OF BUYING AND RUNNING FARM ACCOUNTING SOFTWARE

All you need is a PC & Broadband.

Technology in agriculture is moving fast and the speed of setting up and running an accounts system is no exception.
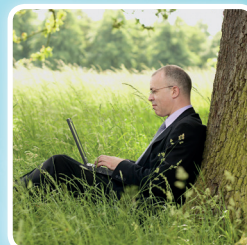

Landmark has always taken the lead when it comes to development and with NEWAge Prime the solution is simple. **"Your KEY in the Cloud"** provides the tried and tested KEYPrime rural accounting software in an even easier, safer and more flexible way. All you have to do is sign up and log in.

WHAT IS NEWAge PRIME?

KEY PRIME NEWAGE

- KEYPrime from a platform in the cloud
- Remote Access to KEYPrime from anywhere with broadband
- Remote Access by any authorised user, you choose and then work concurrently
- Software with automated updates
- Software with automated data back ups

LANDMARK SYSTEMS

LANDMARK SYSTEMS LIMITED

WHY USE CLOUD TECHNOLOGY

- Greater Flexibilty – work from almost anywhere

- Reduce Capital Cost – No server to purchase

- Maintenance & Updates – Done for you! No loading onto your PC or codes to find

- Secure Back Up of your Data

Have you ever wanted to access your data away from the office?

You can work simultaneously with any number of authorised users, one of you may want to work from home, in another office or whilst travelling. With your permission and free of charge, your accountant or consultant can log into your accounts before a meeting and regularly review the performance of your farm business.

COST

- With NEWAge Prime you can now pay as you go, reducing the monthly cashflow spike

- Monthly charge to include hosted software support and regular updates

- Add an additional user for a monthly fee as required

WHY CHOOSE KEYPrime ACCOUNTS?

Ease of use and quick access are the trademarks of our software and these are only enhanced by opting for our NEWAge hosted version. The Rural Accounts Software Main Features are unaffected and fully supported:

- Flexibility
- Ease of Use
- Management Control
- Multi-Year and Management Reporting
- Data Export and Import
- Audit and VAT
