HERD MANAGEMENT SOFTWARE

LANDMARK SYSTEMS
CATTLEDATA WILL HELP YOU TO

Save time

**Keep records in one place**

Manage compliance

Monitor herd performance

UPDATE RECORDS BY INDIVIDUAL ANIMAL AND BY GROUP

Easily keep detailed digital records of all births, purchases, treatments etc. EID ready.

Record movements and upload direct to national databases.

Statutory reporting. Herd registers, movement books, breed society exports etc.

Report on animal performance, breeding, weights and sale prices.

CATTLEDATA MOBILE APP

The fastest way to view and update animal occurrences. Keep your records in the palm of your hand.

Award winning. Commended in the RHASS Technical Innovation Awards 2020.

No missed records. Updating records on the go, means no forgotten entries or lost bits of paper.

"Having Cattledata on my phone means I can see exactly what has happened to any cow. It's a real bonus not having to rack my brains or go back to the PC. I am able to record things on the go, so I don't forget them."
Stephen, Inverness

NFU

The sole NFU recommended farm software supplier
