sheepdata
FLOCK MANAGEMENT SOFTWARE

LANDMARK SYSTEMS

SHEEPDATA SOFTWARE WILL HELP YOU TO

Save time

Keep records in one place

Manage compliance

Monitor flock performance

UPDATE RECORDS BY INDIVIDUAL ANIMAL AND BY FLOCK

Easily keep detailed digital records of all treatments given.

Record movements and upload direct to national databases.

Statutory reporting. Tagging reports, flock registers, movement books etc.

Report on ewe and ram performance, weights and sale prices.

LINK SHEEPDATA WITH SELECTED EID READERS

The fastest way to update animal occurrences. Simply scan your batches, upload to Sheepdata and update the record in bulk.

Take records with you. Some readers enable you to load animal data onto them to take out into the field.

Which EID reader? Speak to your local consultant for more information on EID reader options we can supply.

"I have no problem recommending Sheepdata - we've used it for a number of years. It helps us to keep up with records, movements and to see animal history more easily than pen and paper."
Margo Wordie, Mains of Cairnborrow
