

KEYPrime Range HOSTING OPTIONS

Whether you are concerned about data backup security or want to access your entire desktop remotely, we can help you make the move to the cloud!

BENEFITS OF MOVING YOUR DATA TO THE CLOUD

OPTION 1: REMOTE DATA BACKUP

What is it?

- ✓ Scheduled, secure backup of your data to a remote server
- ✓ Backup any of your Landmark software data plus Microsoft documents & emails - anything you need to keep
- ✓ The backup is automated to take place daily, weekly or monthly at a time to suit you

What are the advantages?

- ✓ Confidence that your data is backed up
- ✓ No risk of 'forgetting' to backup
- ✓ No risk of 'losing' your data backup drive or USB
- ✓ Minimise down time in the event of disaster (fire, flood, loss of PC). Restore your RISC back up data onto your new PC and get back to work

From £12 per month**

Please call Landmark Systems on 01798 877100 for more information

OPTION 2: REMOTE ACCESS TO KEYPRIME

What is it?

- ✓ Move your KEYPrime software into 'the cloud'
- ✓ Allows remote access to KEYPrime from any PC or Mac* with wifi or 3G/4G/5G
- ✓ Recommended for clients with less than four KEYPrime Accounts companies or fewer than 100 properties on KEYPrime Property

*Using a remote desktop connection

What are the advantages?

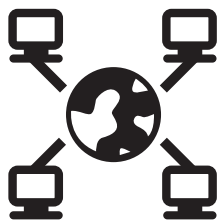

- ✓ You are no longer restricted to working from a single office
- ✓ Grant accountants & consultants access to live data
- ✓ All KEYPrime data backed up as you work
- ✓ All KEYPrime updates installed for you
- ✓ Enables customers who want to use KEYPrime with Apple computers to do so*

From £29 per month**

OPTION 3: SET UP A DEDICATED VIRTUAL SERVER

What is it?

- ✓ Move your entire desktop into 'the cloud'
- ✓ Access your desktop from any PC or Mac* with wifi or 3G/ 4G/ 5G
- ✓ A cost effective alternative to setting up a physical office server

REMOTE ACCESS

What are the advantages?

- ✓ No need for replacement or maintenance costs as with physical servers
- ✓ Scalability - the server will grow as your space requirements do
- ✓ All KEYPrime data backed up automatically as you work
- ✓ All KEYPrime updates installed for you
- ✓ Useful for customers with staff who need to work remotely on a regular basis
- ✓ Enables customers who want to use KEYPrime with Apple computers to do so*

*Using a remote desktop connection

From £250 pcm for 4 users**

TAKE THE RISK OUT OF DATA SECURITY

** Set up fees apply (£100 for Options 1 & 2, £200 for Option 3)
